CEU INFORMATION

Recognized by Licensed Clinical Social Workers and MFT's (BBS PCE # 3810), Board of Registered Nurses (BRN), California Provider # 12938, Psychologists, and ADEC (Association of Death Education & Counseling) to meet Thanatology related educational contact hour requirements to be certified in Thanatology: Death, Dying and Bereavement.

Learning Objectives:

1. Discuss valuable professional skills needed to work directly with and transform the somatic aspects of grief.
2. Recognize ways to identify accumulated grief stored in the body as fuel for our transformation to prevent professional and personal bereavement overload and empathy fatigue.
3. Utilize the Degriefers Toolbox model for assessing and combining appropriate integrative therapies to meet a client's specific needs.
4. Investigate personal values & experiences related to work, boundaries, & self-care

Please call us with any questions:
